

B SERIES

▶ Teledex B-Series business telephones provide the ideal mix of style and function. Designed for the demanding workplace environment, the B-Series delivers legendary Teledex durability in exciting contemporary styling that fits well in any office decor. From multi-line, high-quality speakerphones with Caller ID, to basic cost-effective analog connections for non-critical areas, there's a Teledex B-Series telephone for all your applications.

With millions of sets in service around the world, the Teledex BTX Series brings legendary Teledex reliability to your desktop in classic styling. Single- and two-line telephones are available, as well as models equipped with speakerphone.

Whether it's the contemporary B-Series, or the classic BTX Series, Teledex business telephones are built for plug-and-play integration into any PBX or Centrex environment. These sets include today's most popular business telephone features, including Message Waiting, user programmable one-touch auto-dial keys, selectable ring cadences, headphone jacks and Caller ID.

ABOUT TELEDEX

▶ With over 5 million telephones installed in over 125 countries worldwide, Teledex is a world leader in providing high quality, durable telecommunications products. With locations in the United States, Lima, London, Paris, Penang, Hong Kong and Singapore, Teledex offers unsurpassed worldwide service and support.

For nearly two decades, Teledex engineers have designed telephones that translate today's most desirable telecommunications technologies into feature-rich, easy-to-use products. We design telephone sets for dependable, repeatable performance that meet the requirements of IT/Telecom departments and end users alike.

Unrelenting quality is at the heart of every Teledex telephone. Just as engineering and design enhancements continually improve our products, Teledex quality control continues to set the standard for worldwide excellence.

The Teledex customer service team is a highly-trained organization of professionals. Each member of this dedicated group is chosen for their high ethical standards and commitment to customer satisfaction. Teledex field service and installation teams are positioned to respond quickly to your concerns, delivering unparalleled service to our customers around the globe.

Put Teledex to work for your business today. You will see that the strength of our entire company stands behind each and every Teledex telephone.
